

## Policy to support pupils working from home. 2020-2021

We recognise the need for every child to be given the best possible education whilst away from school due to COVID. We also want to support parents with their child's behaviour and ensuring that they have enough food.

1. The office will keep a record of pupils away from school due to COVID. The office will organise food for those children receiving free school meals.
2. Teachers will provide work for pupils away from school due to COVID. This will be via CGP books if it is individuals and not the whole class.
3. When the whole class are away from school, teachers will provide more organised lessons via Class Dojo, Google Classroom and Zoom.
4. We recognise that not all families can access on-line resources and we will always provide paper based work linked to pupils' abilities.
5. Due to the ever-changing nature of COVID and schools, it is difficult to provide precise information for how each child's lockdown work will be delivered. However we promise to support all families as well as we can.
6. Class teachers will telephone families each week during a whole class lockdown.
7. If you have any questions for your class teacher please email them.
8. If you have any concerns regarding your child's learning, behaviour or food please email Mr Wells ([bwells@folville.leicester.sch.uk](mailto:bwells@folville.leicester.sch.uk)) or text or call on 07731620990.
